

```
/*
```

*Syntax:*

```
while(condition){
```

```
//Code to be executed
```

```
}
```

```
*/
```

```
#include <stdio.h>
```

```
int main()
```

```
{
```

```
int i=0;
```

```
while(i<30){
```

```
printf("%d",i);
```

```
i=i+1;
```

```
}
```

```
return 0;
```

```
}
```
